We all love to occasionally sit down with a good book in hand, relaxing and unwinding in an alternate reality where the stresses and issues of the real world become irrelevant just for a few precious moments. Sometimes though, things can be a little bit off and it can be hard to fully immerse yourself. It might be too windy or bright. It might be too dark or hard to find the best lighting. It might feel awkward or uncomfortable to hold a book upright for hours even though you are fully engrossed in the story and want to continue. The text might be too small or the font too fancy. Perhaps you have an appointment and you know the wait is going to be long, but you don't want to carry around a large book with you the entire day. There are hundreds of little things that might throw off your delightful reading experience. Most of these problems don't prevent you from reading or enjoying the story, but added together might create just enough inconvenience to discourage you from reading as much as you'd like to.

With **Learning Android Application Programming For The Kindle Fire A Hands On Guide To Building Your First Android Application**, all of these problems are never an issue. No amount of wind can force the pages to turn on your eBook and with anti-glare screens, its pages will never be reflecting directly into your eyes. Many eBook readers have features that allow you to read when the lighting is less than ideal and they are light and easy to hold upright. If the font is too small, make

it bigger! If you don't like the font, change it!. The best part is you can carry around your eBook reader and thousands of ebooks wherever you go conveniently and easy. Carry it in your purse, read ebooks on your phone and carry it in your pocket. Take your entire online library with you everywhere with your huge collection weighing less than a pound.
